River Rat TUBING

The BEST tubing spot in the Smokies is minutes from Pigeon Forge and Gatlinburg. "Feel the fun" when your time and money is well-spent. The River Rat is a full-service tubing company offering unlimited shuttle, quality equipment, and the most helpful staff around. Take a break on the bank of the river or bring a lunch and kick-back at one of our picnic areas. Our main outpost, the most popular route of the river, is great fun for ages 2 to 92 and perfect for large groups! Park and float to the exit area (appx 1.5 hour). Trip times and water levels vary daily. Visit our website for additional info and trips from other River Rat outposts.
